A Member's Email

“I always appreciate the AGO newsletter and your ability to make it interesting. This month I especially enjoyed the poem, *The Touch of the Master's Hand*. It reminded me of my favorite movie, Ladies in Lavender, which has a similar message. With a cast of Judy Dench and Maggie Smith you can't go wrong and the story line is delightful. If our readers haven't seen it they should know about it and treat themselves to a pleasant evening of entertainment, designed for the musician. “

The Word on the Street has it that

Michael Boney will be singing back up during Josh Groban's October concert in Boise.. My impeccable sources think Michael was motivated by the movie *20 Steps from Stardom*. (Ed.)
